**Subject:** HEADS UP. Oregon 303(d) decision documents for concurrence coming  
**Importance:** High

Hello, Allyn and Cara. The decision documents for EPA's final action on the Oregon 303(d) list have gone through HQ OWOW and OGC review. Jill is putting the essential documents (cover letter, rationale for our action, and response to comments) together in a folder and will be bringing them up for ORC concurrence. There are a couple of other documents for the decision in spreadsheet form that can't be printed out easily but I didn't think were essential for your review.

The Regional OWOW wants to get this signed by this Thursday. Sorry it presses you to review but we want this done before we are shut down. Let me know if you would prefer to get the documents electronically but I thought you would prefer to see the papers.
